PHONE NUMBER: 204-761-7083

POSITION APPLIED FOR: Councillor, Ward 1

WHY ARE YOU RUNNING FOR COUNCIL?

My reason for running for City Council is that I love my neighborhood, it's truly a beautiful spot in Brandon with the north hill giving way to Grand Valley and the Riverbank grounds.

The other reason I'm running is I think Brandon is a very underrated city in Canada, and we have so much to offer, that many people in Canada are unaware of. If we need a reminder of how special this city is, ask most immigrants that arrive in Brandon from around the world and they will concur!

That's also been my motivation for being an active volunteer and contributing to our community since moving to Brandon in 2009, whether it was coaching youth soccer or football, a settlement partner with WIS or serving on the Downtown Development & Riverbank Discovery board of directors.

My professional career in business management & local business ownership, along with my current position in commercial banking, I think can contribute to an important financial literacy needed for meaningful contributions to our city budget & our city's overall financial wellbeing.

In summary I know I can make a difference based on my past accomplishments and my personal standards for getting the job done.
