POSTION APPLIED FOR: COUNCILLOR, WARD 8

WHY ARE YOU RUNNING FOR CITY COUNCIL?

It has been a privilege to serve the residents of Ward 8 over the past four years, and I am seeking the opportunity to continue to serve in that capacity.

Effective representation begins with **listening**. Since first being elected, I have made it a priority to be available and accessible to Ward 8 residents, to understand the issues affecting our neighbourhoods, and to advocate for practical solutions at the council table.

I have advocated on behalf of residents, worked collaboratively with Council and City administration, and gained valuable experience through my work on Council and the many boards and committees on which I serve.

Brandon is a growing community, and with growth come opportunities as well as challenges. Addressing those challenges requires **experience**, persistence, responsible decision-making and a willingness to listen.

My experience over the past four years has given me a deeper understanding of how our city operates and how decisions made at the council table affect residents in their homes and neighbourhoods. I will continue to bring that experience and continue to be **available**, **accessible** and **accountable** to the residents I represent. I will work toward solutions that strengthen our neighbourhoods and our city.

My focus remains on the issues that matter to residents in their everyday lives that require ongoing attention, responsible planning and long-term solutions:

- **Drainage and infrastructure**
- **Snow clearing and winter maintenance**
- **Affordability and the impact of inflation**
- **Reliable garbage collection**
- **Sidewalks and road maintenance**
- **Neighbourhood safety**
- **Responsible asset management**

I humbly ask for your support to continue to build a better Brandon together.
