POSITION APPLIED FOR: BSD Board of Trustees, Ward 1

WHY ARE YOU RUNNING FOR SCHOOL TRUSTEE?

I have recently retired after working for 25 years in the community development non-profit industry. Through this lens I was able to see up close the importance of volunteering and its importance in helping communities achieve great things.

Even though I am retired, I still want to continue to make a difference in our community.

On a personal level, as a parent of three sons and four grandsons, I have always stressed the importance of education. My wife and I have worked with our family educators to help overcome some of the challenges that our children had to face such as learning disabilities. With the hard work of school teachers and admin they have all become successful in their own ways.

I believe this background would make me a suitable candidate for school trustee. Thank-you.
