Be Recycle Ready!

How should I set out my bags for collection?

- Use see-through (clear or blue) bags for your recycling.
- Ensure materials are placed loosely inside the bags, so as to facilitate the sorting process.
- Cardboard is to be flattened. It can be placed in the bags, bundled and placed underneath the bags, or placed within another cardboard box no larger than 60 cm x 60 cm.
- Recycling bags should not exceed 20 kg (44 lb) or 184 L.
- Bags should not block vehicle or pedestrian paths.
- During winter conditions, place your bags on a flat surface clear of any snow and ice.

Place bags at least 3 feet in front of or beside any obstacles such as fences, vehicles, lamp posts or power lines.
