Justification Report for Part Lot 20, Concession 18, Keppel, Parts 9-15, 16R-11429

156 Mountain Lake Road, Georgian Bluffs

To whom it may concern:

I look forward severing two parcels of land from my retained property.

I have owned this property for over 24 years while living here and have been extremely fortunate to enjoy each season to its fullest over these years!

I have worked hard to build, clean up, maintain and improve the structures and carefully manicure the grounds during my ownership!

Now it's time to let others enjoy these properties with their families as I have with mine.

Severing this property by creating two additional parcels for others to have the opportunities that I have had, seemed like the right thing to do so they too can experience great, peaceful sunrise and sunsets, kayak in the serene waters of Mountain Lake and watch nature at its best.
