Emergency Medicine (Full-time/Part-time)

Headwaters Health Care Centre | Orangeville, Ontario

Position:	Emergency Medicine (Full-time/Part-time)
Organization:	Headwaters Health Care Centre
Location:	Orangeville, Ontario
Application deadline:	Until filled

Opportunity

The Department of Emergency Medicine at Headwaters Health Care Centre is recruiting physicians for full-time and part-time opportunities to join our collegial, supportive, and highly engaged team.
Our department offers the best of both worlds: the broad scope, clinical independence, and professional satisfaction of practicing emergency medicine in a community hospital, with the reassurance of strong specialist support, advanced diagnostic imaging, and comprehensive hospital resources.
Our emergency physician group provides care to more than 40,000 patients annually. Physicians enjoy a diverse and rewarding clinical practice, supported by collaborative colleagues in Anesthesia, General Surgery, Hospitalist Medicine, Internal Medicine, Obstetrics, and Pediatrics, as well as subspecialty support in Otolaryngology (ENT), Orthopedic Surgery, Plastic Surgery, Ophthalmology, and Urology. Dedicated Respiratory Therapy coverage is available 24/7. For physicians with an interest in medical education, there are also opportunities to participate in clinical teaching and mentorship of medical learners.

Emergency Department Resources

The department is well equipped with two point-of-care ultrasound units, including transesophageal and endocavitary capabilities. Diagnostic resources include a 64-slice CT scanner, MRI, digital radiography, ultrasound, and comprehensive laboratory services. New graduates can build confidence in a supportive environment, with opportunities to progress from the urgent care area to shifts in the acute care section.

Qualifications and Experience

- Licensure or eligibility to practice in the province of Ontario through the College of Physicians and Surgeons of Ontario (CPSO).
- CCFP with emergency medicine experience, CCFP-EM, SEME training, or RCPSC certification in Emergency Medicine.

- Experience and proficiency in common emergency medicine procedures and point-of-care ultrasound (POCUS) are considered assets.
- Current ACLS, ATLS, and PALS certifications.
- Membership in the Canadian Medical Protective Association in good standing.
- Strong clinical judgment, excellent communication skills, and a collaborative, compassionate approach to patient care.

Our department prides itself on a supportive, collaborative environment that welcomes physicians with diverse emergency medicine training backgrounds and encourages ongoing professional development. Recent graduates with relevant emergency training or demonstrated interest will also be considered.

Remuneration

Emergency physicians receive competitive remuneration through the Alternative Funding Arrangement, with opportunities to participate in Hospital On-Call Coverage.
