SCENE 10

#6 - Darkness and Trees

Company

~~BOB~~~~We can see them from the plane - this long line of headlights coming through the darkness.~~~~In the Mayor's office~~

GARTH

Claude, can I have a word with you?

CLAUDE

Garth, I don't have time to go in circles with you anymore. I've got the army delivering a thousand less cots than we were -

GARTH

Look. The union just voted. You've got your buses. Our complaint's with our employer, not with the people on those planes.

CLAUDE

Thank you.

GARTH

But we're back on the line the minute this is over.

CLAUDE

Right.
