

Jeff Bird

Ward A / Ward 1

Township Councillor Candidate

MUSKOKA
LAKE VOTES

OCTOBER 26, 2026

About

Jeff is running for Township of Muskoka Lakes Council because he believes Muskoka deserves strong, responsible, and professional leadership. A resident of Torrance, Jeff has been coming to Muskoka since before he was born. He loves the area, its natural beauty, and its unique character, and wants to help protect it for future generations.

Jeff brings extensive professional experience as a CPA, CGA and CIA, with a BA in Economics and an iCD.D. As a professional accountant and auditor, he understands financial accountability, risk management, and good governance. He believes taxpayers deserve value for every dollar they contribute. Jeff has the experience to examine the municipal budget line by line, identify waste and inefficiency, and ensure tax dollars are being spent wisely and effectively.

Jeff believes Muskoka needs thoughtful, balanced growth—not uncontrolled or inappropriate development that threatens the character and environment that make the community special. He supports responsible development and affordable housing, recognizing that Muskoka needs housing options for families, workers and seniors while preserving the community's long-term quality of life.

Jeff also wants practical, effective solutions to Muskoka's flooding problems, working toward measures that protect properties, infrastructure, and the environment.

Married with two daughters and two grandchildren, Jeff has a personal stake in Muskoka's future. He is running to bring professionalism, financial accountability, and practical decision-making to Council—and to help ensure Muskoka remains a place future generations can be proud to call home.
