About

Hi, I'm Leslie Orchard, and I'm excited to be running for Township Council. I have lived here permanently for over 20 years.

After a rewarding career as a teacher, retirement has given me even more time to give back to the community I love. Volunteering has always been an important part of my life, and I believe that strong communities are built by people who are willing to listen, help, and get involved.

I care deeply about our township and the people who call it home. I'm passionate about protecting what makes our community special while planning thoughtfully for the future.

People know me as someone who is approachable, who listens before speaking, and who values every perspective. I believe the best decisions come from hearing the voices of our residents and working together with respect and common sense.

I would be honoured to earn your support and the opportunity to serve our community on Township Council.
