

Guy Burry

Ward C / Ward 3

District and Township Councillor Candidate

MUSKOKA
LAKES VOTES

OCTOBER 26, 2026

About

Guy Burry has served as District and Township Councillor for Ward C since being acclaimed to the position in 2022. A year-round Muskoka cottager since 1987 and full-time resident since 2019, he brings a strong record of community involvement to council, including roles with Muskoka Algonquin Healthcare (Vice Chair), the Muskoka Lakes Museum (Director and Treasurer), The Muskoka Parry Sound Community Foundation (Director and Treasurer) and the Muskoka Lakes Association's Water Quality Monitoring program, as well as a local minor hockey trainer.

Councillor Burry brings professional experience in finance and investment, information technology, human capital, governance, and environmental sectors, along with prior municipal-adjacent experience through Toronto's Atmospheric Fund and the Federation of Canadian Municipalities' Green Municipal Fund.

His Township council priorities have centred on managing growth responsibly, supporting development that is carefully planned and long-term rather than reactive all while addressing the region's shortage of attainable housing. He has been a vocal advocate for environmental protection measures, including updates to Site Alteration, Tree Preservation, and Septic Inspection by-laws to safeguard water quality across the watershed. He has also emphasized the importance of cost-conscious delivery of municipal and district services.

Guy Burry is seeking re-election as Ward C / Ward 3 District and Township Councillor in the 2026 Municipal Election. Please allow me to finish the job!
