

Glenn Zavitz

Ward A / Ward 1

District and Township Councillor Candidate

MUSKOKA
LAKES VOTES

OCTOBER 26, 2026

About

My Campaign for Ward A District Councillor is focused on communicating with you, the taxpaying Voter, in the exact same manner I have these last 8 years as your Local Councillor, where in both elections you gave me the most votes...thanks! I commit to continue my listening, responding and learning in a manner many have commented positively to. Those calls, texts, emails and in-person meetings have really moved the needle in this Ward, you are being heard. The results are measurable, evident in improvements and enhancements throughout this beautiful part of The Township of Muskoka Lakes. I have concerns on continued hefty tax increases, the future of our Bala Arena and more generally, our aging infrastructure throughout TML. How that will be paid for is worrying and requires clear and concise debate towards a solution-based response that will set the tone for future users and generations. I will speak up, speak out and make a difference in representing you here and at the District Municipality of Muskoka..hard stop.
