Fire Department Planning Comments

Date: 2026-11-09

File No.: C14-25

Adequate water for fire suppression:

☐ May require a water reservoir.

☐ Existing water may be adequate (pond, stream, water reservoir.)

☒ Within a hydranted area or close proximity.

☐ Other/Not Required

Comments: N/A

Suppression equipment considerations:

☐ Department has all equipment needed to respond.

☒ Building would require an aerial device to respond.

☐ Department will need to purchase equipment. Equipment needed: N/A

Other:

☒ No further comments.

☐ More information required.

Comments: The fire department's aerial apparatus that has been ordered will be sufficient for the proposed building.

Derek Malynyk

Southgate Fire Chief, Chief Fire Official
