County comments for B8-26 Truska

Hello Southgate,

Please note that County staff have reviewed Consent application B8-26 - Blair Truska & Jennifer McDonald.

The proposed consent application is minor and legal/technical in nature. County planning staff generally have no concerns provided no new development is proposed and no new lot is created.

Grey County Planning Ecology staff have reviewed the proposal and have no comments or concerns at this time.

Please note, a paper copy will not be provided unless requested.

Let us know if you have any questions.

Best regards,

Becky Hillyer

Senior Planner
