The Township of Southgate is requesting tenders from General Contractors experienced in the construction of various components of a wastewater treatment plant.

The Work to be undertaken for this project is generally comprised of the following shall be **completed by February 28th, 2028.**

This Contract is for the supply of all labour and the supply and installation of all materials and equipment for the following modifications to the existing Dundalk Wastewater Treatment Facility (WWTF) in the town of Dundalk, Ontario for the Township of Southgate.

The Work to be undertaken for this project includes but is not limited to the following:

.1 supply and installation of new Sewage Pumping Station plus related structures and yard piping;

.2 removal of the existing Media Filter and various components as well as removal of the effluent tank pumps and piping;

.3 modifications to the existing Filter building process and structures including masonry, electrical, mechanical and architectural components, and heating and ventilation;

.4 modifications to the existing Post Aeration Cell including modular floating cover, installation of ARES Aeration units, modifications to existing aeration system, and miscellaneous structures and yard piping;

.5 excavation, preparation, supply and placement of structural tanks, troughs and slabs to house the new MBBR equipment, NitrOx™ Reactor System, ARES Aeration Units, UV Disinfection equipment and other components;

.6 supply and placement of Aqua-Disk Cloth Media Filter (Aqua-Aerobic Systems) components;

.7 supply and placement of concrete pumping chamber with process piping and sewage pumps;

.8 supply and placement of wet well submersible sewage pumps and influent grinder;

.9 removal of existing sewage pumping station and associated components;

.10 removal of existing diesel generator and pad;

.11 supply and placement of new generator package c/w associated appurtenances, including supply and placement of reinforced concrete pad;

.12 supply and placement of new watermain on Ida Street and into the WWTF property, including replacement of granular and asphalt material;

.13 excavation and placement of new gravel access road to Cell No. 1 and Cell No. 2;

with all related equipment, process piping, site work, heating and ventilating, plumbing, instrumentation and electrical work, and all other work and appurtenances necessary for a complete job in accordance with the details set out more specifically hereafter and as shown on the companying Contract Drawings.

On behalf of the Township of Southgate, Tender Documents may be ***obtained*** electronically from Triton Engineering Services Limited by contacting Dustin Lyttle at dlyttle@tritoneng.on.ca

Questions will be received by Dustin Lyttle, Triton Engineering at dlyttle@tritoneng.on.ca and Corey Henry, Township of Southgate at waterworks@southgate.ca no later than Thursday, December 3rd, 2026.

Each Tender must be accompanied by a Tender deposit in the form of a Bid Bond in the amount of $125,000 payable to the Corporation of the Township of Southgate.

Tenders are subject to the review and approval of the Corporation. The Corporation reserves the right to reject any and all Tenders and the lowest Tender or any Tender will not necessarily be accepted.

CLOSING DATE: Thursday, December 10th, 2026 at 2:00 P.M. (Local Time)
