

The Town is sharing the following biography exactly as submitted by each Candidate. We have not edited or revised grammar, spelling, punctuation, or verified any content.

Candidate Name: James Dorner

Seeking Office: Councillor, Ward 2

Ward 2 is home. I'm James Dorner, your Town Councillor, a Canadian Armed Forces veteran, and a civil engineering graduate. I'm seeking your support to continue delivering practical improvements that matter to our everyday lives.

My commitment to service began long before I joined Council. From 2006 to 2014, I served in the Canadian Armed Forces, including a deployment to Afghanistan searching for roadside bombs and unexploded ordnance. I learned to take responsibility, work through difficult problems, and look out for those around me. I bring those values to Council.

Since you elected me in 2022, I have listened to your concerns and helped advance investments in flood prevention, road repairs, safer school zones, pedestrian crossings, traffic calming, our parks, and tree planting across town. These improvements help protect our homes, keep families safe, and make our neighbourhoods better places to live.

There is more work ahead. My priorities are strengthening stormwater and sewer systems, improving neighbourhood and school safety, and making our parks more accessible. I will work to protect the character of established neighbourhoods while planning responsibly for growth.

My civil engineering background helps me assess infrastructure needs and question costs. I understand that every Town investment involves your money and deserves careful consideration.

You deserve a councillor who is accessible, takes your concerns seriously, and follows through. That is the commitment I will continue to bring to this role.

I ask for your vote to keep the momentum going in Ward 2.
