GOALS of the School Council: Supporting student achievement

School Councils are required to set goals annually. List the School Council goals for the past year, specific to supporting Student Achievement:

Much of our school council this year was focused on supporting the yearly Culture Night held at London South. The goal was to achieve greater inclusivity with those students and their parents who were either new or newer to Canada to encourage their involvement in the education process.

ACTIVITIES of the School Council: Supporting student achievement

Briefly describe the activities your School Council undertook this school year. This includes any activity or event that was hosted or was participated in that was not a regular meeting. This does not include fundraising activities.

Culture Night was our primary focus this year. As detailed earlier, it was our hope/goal to grow our community in the school. This meant showing our students and their family members that London South was a place centered on education and youth development.

ACHIEVEMENT of the School Council: Supporting student achievement

Please list the achievements of the School Council including Parent Involvement Strategies:

This year saw Culture Night grow in success from previous years! Hundreds of students and parents attended the evening event. Presentations by guest speakers around their heritage and success showed students they can succeed as well. Parents were in attendance and engaged with school members, growing in their engagement with the school.
