

**Permit Application Fee Form
Drinking Water System and
CLI-ECA Wastewater / Stormwater Systems**

Fees will be calculated based on the table below. Applicable fees are posted on the City of Waterloo [website](#). A quote will be provided to the applicant following the acceptance of the submission package.

Certified cheque, bank draft or money order payable to “The Corporation of the City of Waterloo”
Cheque can be processed in person at the Waterloo Service Centre or mailed to:

City of Waterloo Service Centre
Attn.: Compliance – City Utilities
265 Lexington Court, PO Box 337, STN Waterloo,
Waterloo ON N2J 4A8.

Add Number of Units for Each System Alteration as Applicable

Alteration to: Watermain/Drinking Water System

Asset Type	Units	Total
Drinking water system – includes valves, hydrants		

Drinking Water System Alteration Subtotal:

Alteration to: Sanitary Sewers (Wastewater) / Forcemains

Asset Type	Units	Total
Gravity sanitary collection system including appurtenances		
Inverted Siphons		
Forcemains		

Components of Collection System: Pumping Stations

Asset Type	Units	Total
Pumping Station – existing or new (for new station, must be designed to peak hourly flow of no greater than 30 L/S) – includes real-time control systems, emergency power generators, odour control units, corrosion control units		

Other Components: where project targets only one asset type

Asset Type	Units	Total
Real-time control systems (SCADA)		
Emergency power generators		
Odour control units		
Corrosion control units		

Discharging a Contaminant of Concern to the Atmosphere (section 7.0 of ECA)

Asset Type	Units	Total
Odour control units that discharge contaminants of concern		
Emergency generators that fire No.2 fuel oil (diesel) with a sulphur content of 0.5% or less, natural gas, propane, gasoline or biofuel		

Other Sanitary Sewer Assets

Asset Type	Units
Please specify ¹	Assessed individually

Wastewater System Alteration Subtotal:

Alterations to: Storm Sewers/Ditches/Culverts

Asset Type	Units	Total
Storm sewer system – includes CB, MH, grates, ditches, culverts		

Stormwater Management Facilities

Asset Type	Units	Total
OGSs		
LIDs		
Wet ponds		
Dry ponds		
Super pipe/storage facilities		

Third Pipe Collection System

Asset Type	Units	Total
Third pipe sewers		

Other Storm Sewer Asset

Asset Type	Units
Please specify ¹	Assessed individually

Stormwater System Alteration Subtotal:

Post Construction

Asset Type	Units	Total
Stormwater Transitional Facility Post-Construction Verification		
Post-Construction Verification Notification Deposit		

Expedited Review

Asset Type	Units	Total
Alteration Application Expedited Review (Drinking Water System)		
Alteration Application Expedited Review (Stormwater System)		
Alteration Application Expedited Review (Wastewater System)		
Review of Amendment Application for MECP Submission (each system)		

Expedited Review Subtotal:

Total Amount Due:

Additional Notes:

¹ Any Asset Type not listed will be assessed on a case-by-case basis. In this case, a quote will be sent after the application package has been screened for completeness.
