Leadership Programs

NEW! Verification of Identity Policy

The Lifesaving Society of Ontario has implemented a Verification of Identity Policy for all vocational courses, including both original certifications and recertifications. The candidate's legal name must appear on all certifications issued by the Lifesaving Society Ontario. Candidates may request that a preferred name be displayed on their certification, however, this does not replace the requirement for their legal name to appear on official records.

Participants unable to show valid identification on the first day will not be permitted to take part in the program.

Swim Programs

LET'S GET STARTED!

The most important step is to make sure your child is placed in the right swim level. Staff reserve the right to move a child to a different level if a class is too challenging, so it's best to get it right before classes start.

If you're uncertain what level your child should be in, follow the recommendations from the child's last progress report, use the swim lesson comparison chart and review the detailed standards of performance for each level. Ask for details at Customer Service.

Requests for specific instructors are considered, however we are unable to guarantee all requests. Registrations are accepted up to the start of the third lesson.

Making the most of your swim experience

- Lockers, showers and change rooms are available for use. Please leave valuables at home and bring a lock to secure your belongings. We are not responsible for lost or stolen items.
- Shower with soap and water before your swim lesson.
- Footwear is not permitted on the pool deck. Be prepared to go barefoot, or purchase reusable shoe covers at the customer service desk for 75¢.
- Children who are not fully toilet trained must wear watertight elastic pants or specially designed disposable swimming diapers, available at the customer service desk for \$2.00.
- Do not send a child to lessons if they are not feeling well. Pool fouling affects all lessons. If a pool fouling happens, lessons are conducted on the pool deck instead of in the water. Refunds/credits are not given for pool foulings.
- If your child requires **one to one support** in group swim lessons, contact the Inclusion Services Coordinator to complete an inclusion membership. Call 519-886-1177 x27249 or email inclusion@waterloo.ca. Support is subject to staff availability.

What to expect

- Entrance into the changerooms will occur up to 15 minutes prior to the lesson start time at the Swimplex and 8 minutes prior at Moses Springer outdoor pool.
- Customers may access the pool deck 2 minutes prior to the start of their program.
- No spectators are permitted on the pool deck. Visitors may view lessons from the upper pool gallery. For swimmers under 11 years of age, a parent/guardian is asked to stay in the gallery for the duration of their child's program.
- Note the Feedback Day listed with the lesson session dates (lesson 6). One parent is asked to meet the instructor on deck during the last 10 minutes of the lesson to receive a verbal progress report. A written progress report is also provided in the last lesson and will identify the next recommended swim level. Badges may be purchased at the customer service desk for all Waterloo Splash and Preschool levels.
- Photography or videotaping is not permitted. The use of cell phones and PDAs is strictly prohibited in City of Waterloo recreation facility change rooms, washrooms, pool decks and gallery.
- In the event of bad weather, listen to local radio stations in case the program has been cancelled unexpectedly. We are unable to make up lessons cancelled due to emergency closures, but will credit the value of the missed class.

Parent and Tot 3 (2 to 5 years)

This is the third parent and tot level for 2-5 year-olds. They'll have fun jumping into the water and getting out without assistance. They learn to hold their breath and open their eyes underwater to recover an object from the bottom. Mastering front and back floats in "starfish" and "pencil" positions and kicking on front and back provide the building blocks for swimming stroke development in the Preschool program. One parent per child may attend.

Tykes (3 to 5 years)

Is your child 3 to 5 years of age and not quite ready to attend lessons on their own? In this transitional program, the parent accompanies the child in the water for the first 5 lessons for advanced parent and tot instruction. For the last 4-6 lessons (depending on the session length), the child attends the lesson without a parent. A great transitional program for a child that needs support prior to attending lessons on their own. One parent per child may attend. This class is taught in the swirlpool.

Preschool A (3 to 5 years)

In this level, preschoolers develop a foundation of water skills while having fun in the pool! They'll learn to put on a lifejacket, blow bubbles and float on their own. This is a great starting point for a preschooler who can be in the water without a parent or guardian, but is not yet doing skills (e.g. floats) on their own. Prerequisite: Have successfully completed Tykes or equivalent and comfortable being in the pool without a parent.

Preschool B (3 to 5 years)

Sign up for this level when your preschooler knows how to float on their front and back without the assistance of an adult or a flutter board, water wings or lifejacket. Now, it's time to learn how to glide! Learning the basics of flutter kick will have them zipping around the shallow end in no

time. Prerequisite: Have successfully completed Preschool A or equivalent. The child must be able to float on their front and back for 3 seconds unassisted (no instructor or floatation device). This class is taught in the tot area.

Waterloo Splash 2 (5 to 12 years)

Advanced beginners jump into deeper water and become comfortable falling sideways into the water wearing a personal floatation device. Swimmers support themselves at the surface without an aid and recover an object in chest-deep water, swim 5-10m on front and back, and are introduced to flutter kick interval training (2x9-12m).
